

# **Global Health Security Agenda (GHSA) 2024**

A Vision for Global  
Health Security by 2024

# GHSA Goals

- **Vision: A world safe and secure from global health threats posed by infectious diseases**
- **Support existing agreements, such as:**
  - 2030 Agenda for Sustainable Development
  - World Health Organization (WHO) International Health Regulations 2005 (IHRs)
  - World Organisation for Animal Health (OIE) Performance of Veterinary Services
  - Codex Alimentarius International Food Standards
  - Sendai Framework for Disaster Risk Reduction
  - Biological Weapons Convention
- **Complement multilateral efforts, such as:**
  - G7 and G20
  - Global Partnership Against the Spread of Weapons and Materials of Mass Destruction

# GHSA: Since 2014

- **Commitments**

- National
- Regional
- Global

- **Partnerships**

- 61 Participating Countries
- International Organizations
- Multisectoral Partners
- Non-Governmental Stakeholders

- **Tools**

- WHO Joint External Evaluations
- OIE Performance of Veterinary Services Pathway
- National Action Plans
- IHR Costing Tools
- GHSA Action Packages

- **Success Stories**

# Global Health Security Today

- **Goal:** A world safe and secure from global health threats posed by infectious diseases
- **Status:** The world is under-prepared to prevent, detect, and respond to infectious disease outbreaks
- **GHSA:** Initially a 5 -year mandate ending in 2018

# 2018 and Beyond

- **Despite active collaboration to improve country capacities, the world is still unprepared for a large-scale sustained pandemic.**
- **What do we want/need to achieve?**
  - Countries need multisectoral health security capacities to prevent, detect, and respond to human and animal disease outbreaks
  - Many countries need support to achieve improved capacities.
  - Identify specific, measurable targets for 2024
- **How we can achieve those goals?**
  - Build on successes and lessons from 2014-2017
  - Integrate with relevant frameworks, initiatives, etc.

# Key Components to Address

Building on past experience, challenges, and current landscape, develop a framework addressing:

- **Mandate/Scope**
  - Goals, related initiatives
- **Governance**
  - Steering Group, Action Packages, Secretariat
- **Membership**
  - International Organizations, other ministries, private sector
- **Action-Oriented Meetings & Results**
  - Annual schedule, formats
- **Multisectoral & One Health Collaboration**
  - Linkages and coordination
- **Political Commitment**
  - Ensure high-level support
- **Implementation & Sustainability**
  - Country-level commitments
- **Demonstrable Impact**
  - Review progress, assess impact
- **Sustainable Financing**
  - Institutionalized domestic funding

# Proposed Process

- **Overall Approach: Consultations, Drafts, Discussions**
  - Solicit input from partners on concept for GHSA 2.0
  - Discuss input and draft frameworks at meetings
- **Proposed Timeline:**
  - **Nov 2017:** Commence drafting and input solicitation
  - **Jan 2018:** Complete Version 1, for discussion at January SG meeting
  - **Feb - Mar 2018:** Consultations (including electronic consultations and teleconferences)
  - **April 2018:** Complete Version 2
  - **May 2018:** Discuss Version 2 at May SG meeting
  - **Summer 2018:** Finalize plan, including identifying new GHSA leadership
  - **Oct 2018:** Present and approve modalities and governance model (including representatives), at the GHSA Ministerial meeting
  - **Nov/Dec 2018:** Transition to GHSA 2024

# Discussion
