

GHSA Videoconference
for Preparation of upcoming GHSA regional strategic framework workshop
16:00 (Thailand time zone, UTC+07:00), 25 March 2016
List of Participants

Summary

Saudi Arabi and Thailand attended the GHSA videoconference at 16:00 (Thailand time zone, UTC+07:00) on 25 March 2016. Due to the internet connection challenges and public holiday, some countries could not attend the conference.

The “GHSA: Workshop on Regional Strategic Framework for Workforce Development on Epidemiology” will be conducted in Yogyakarta, Indonesia on 9-10 May 2016. The agenda of the workshop was reviewed and approved in the videoconference.

Saudi Arabi will send representatives to participate in the GHSA workshop and agreed to provide a presentation about the country workforce development strategic plan for 15 minutes on 9 May 2016. The human health focal points for Saudi Arabi were also identified while the focal points for animal health will be explored by Saudi Arabi later.

Next Actions

- The updated agenda and concept note of the upcoming GHSA workshop will be distributed to all leading and contributing countries of the GHSA Workforce Development Action Package, along with this meeting summary. Comments and suggestions for these documents are warmly welcomed from all leading and contributing countries.
 - The official invitation letter of the GHSA workshop from Indonesia Ministry of Health will be delivered to all focal points in the leading and contributing countries of the GHSA Workforce Development Action Package. The countries will be requested to nominate one appropriate person who can represent the workforce development in the country to attend the GHSA workshop.
