

Emergency Operations Center
Action Package
(Respond 1)

- **Five-Year Target:** Every country will have a public health Emergency Operations Center (EOC) functioning according to minimum common standards; maintaining trained, functioning, multi-sectoral rapid response teams (RRTs) and "real-time" biosurveillance laboratory networks and information systems; and trained EOC staff capable of activating a coordinated emergency response within 120 minutes of the identification of a public health emergency.
- **As Measured by:** Documentation that a public health EOC meeting the above criteria is functioning.
- **Desired National Impact:** Effective coordination and improved control of outbreaks as evidenced by shorter times from detection to response and smaller numbers of cases and deaths.
