

Jakarta Call For Action on the GHSA Action Package Implementation

Adopted in Jakarta on 24 August 2016

“Strengthening Cooperation to Enhance Capacities in Addressing Global Public Health Threats”

We, the participants of the Global Health Security Agenda Action Package Coordination Meeting held in Jakarta, 23-25 August 2016, appreciate the role of all participating countries of the GHSA in focusing attention on implementing GHSA Action Packages and are committed to taking action in :

- Considering a systemic integrated network model to ensure the integration of multi-stakeholder action.
- Having functioning GHSA Action Package coordination mechanism in harmony with IHR (2005) implementation.
- Strengthening the communication, coordination, and cooperation among all stakeholders of the GHSA participating countries at the sub-national, national, regional and global levels.
- Sharing information, experiences, and best practices in implementing Action Packages as efforts in speeding up the achievement of IHR (2005) core capacities.
- Identifying challenges and opportunities in implementing Action Package Roadmaps.

Draft as of 16 August 2016
